

## Learn More About The Simplest Client & Candidate Database...

### Features

- Search Facility – by distance (Km), job etc.
- Attach and View CV's
- Capture and View Candidate & Client Profile
- SMS
- Mail Merge
- Dashboard
- Account Manager/ Main Consultant Status.

### Benefits

- The skill of recruiting back to the recruiter - encourages the Consultant to be the recruiter and not the Software.
- Encourages the Consultant to think - use their abilities and be less reliant on the Software.
- Simplicity – going back to basics; it's your filing cabinet simply computerised.
- Ease of use – cost and time consuming training is not required. Will not overwhelm your staff.
- Less data entry – less is more! Your Consultants will only be entering relevant, concise information about the Candidate and Client.
- Low cost investment – one off payment (or pay monthly), first year unlimited helpdesk support, no charge for additional users.
- Adaptability and flexibility – bespoke service available; if there is functionality not present but required.
